

## HACKMEN APPEAR AGAINST GUBISCH

Their Feud With Taxicab  
Company Aired in the  
Police Court.

The high feeling and indignation of the hackmen of the District against the Taxicab Company found an outlet this morning in the trial of Hermann Gubisch, an agent of the Taxicab Company, who was charged with soliciting business for his employers on a public street.

Ever since the introduction of the taxicab as a public vehicle in Washington, the hack drivers have felt aggrieved. They have resented the attempt to take their business from them, and have made numerous complaints against the chauffeurs and the agents of the company at various hotels. Hermann Gubisch was employed by the Taxicab Company to assist in checking the vehicles that were used during the convention of the Daughters of the American Revolution. On April 20 he was on duty at the Continental Memorial Hall in the afternoon. A cab driver, who had been disappointed in securing a fare, notified Hack Inspector Dawson that Gubisch was soliciting passengers for taxicabs. Dawson and two other men went immediately to the hall, and at Dawson's direction the two men walked up to where Gubisch was standing, and the defendant is said to have asked them if they wanted a cab.

The defense declares positive orders had been issued against soliciting, and that there had been none; that the Taxicab Company was under contract to furnish cabs for the Daughters of the American Revolution and did not have enough vehicles to supply the number needed by the Daughters. Several witnesses testified to the facts as stated by the defense, and Mr. Dawson had at least ten hackmen, who testified as to the facts he presented. Judge Kimball held that a gross case of soliciting had been made out and imposed the heaviest penalty under the law, a fine of \$50. The attorneys for the Taxicab Company immediately gave notice of a motion for a new trial.

## SMOKER PLANNED BY GARRICK CLUB

The Garrick Club will entertain its members and friends tomorrow night with a smoker. Special talent has been engaged and the Marine Band will play. The bell rings at 8:30.

Your table linen has lost its lustre; do you know why?

Is it not because you have allowed your laundress to wash it with ordinary laundry soaps, which, being overstrong in alkali, "cut" the fabric and make linen look like cotton?

Use Ivory Soap and your linen troubles will cease.

No "free" alkali in it; no coloring matter; nothing but soap, that is 99 1/2 per cent pure.

Ivory Soap  
99 1/2 Per Cent. Pure.

## WILLARD SOON FREE, HIS ATTORNEYS SAY

Declare Full Story of Shooting  
Will Be Enough of  
a Defense.

Great confidence in the trial's outcome is the attitude of the defense in the case of Albert Willard, Navy Yard employee, who shot down his son-in-law, Arving W. Beck, following the refusal of the latter to disclose the whereabouts of his fourteen-year-old wife.

As soon as the complete story is told, it is declared by attorneys for the father, Willard will walk out of the courtroom a free man.

The case promises to be one of the most remarkable ever tried in the criminal courts of the District. Thomas C. Taylor, for the defense, is an orator, and the pleadings in the case will undoubtedly attract crowds to the courtroom.

The District Attorney's office has not been idle and has had its men on the case for several days, making an effort to round up evidence for the prosecution.

Many new and interesting questions of law will be raised, and the interest in the case is not by any means confined to Washington.

Mrs. Willard made a visit to the jail this morning to visit her husband. They had a long conference and at its conclusion Mrs. Willard seemed considerably encouraged.

OUR ERROR.  
The Palais Royal advertisement of yesterday was made to create a false impression of error. Shirt waist boxes that should have been \$2.25 were made 40c, and rugs that should have been 42c were made \$2.25. The readers of the Palais Royal announcement must not blame the store.
